E NOT BEEN VERIFIED

**Notes:**  
<sup>1</sup> Measured in feet relative to the North American Vertical Datum of 1988.  
<sup>2</sup> These data have not been verified and may contain errors. Elevation contours may not represent the true ground  
surface in some locations. This is due to artifacts of LIDAR data collection, such as trees and buildings, and/or  
erroneous point data. The final verified data will be available in late December 2005 or January 2006 from the  
NOAA Coastal Services Center.  
Please check the following link for availability of the final data: <http://www.csc.noaa.gov/crs/tcm/missions.html>
